

Linedata Managed Services

Enabling innovation, profitability and agility for Asset Managers, Hedge Funds and Private Equity

When your business is all about generating alpha and delivering for investors, you need confidence that your technology is running smoothly and efficiently.

That doesn't mean you want to divert valuable resources from developing your next business innovation.

Join the growing number of leading asset managers, hedge funds, and private equity firms who count on Linedata Managed Services for as a specialist, multi-faceted Managed Services Provider.

Our MSP offering has you covered – from round-the-clock systems monitoring to helpdesk support, software and hardware licensing, updates and migration, and technology consulting.

Whether your IT infrastructure is in the cloud or at your premises, we'll act as your internal IT team so you can focus on innovation and competitive edge.

Why choose Linedata Managed Services?

Asset Managers, Hedge Funds and Private Equity firms count on us for the following benefits.

- Advanced data and cybersecurity controls
- Cost control and predictable monthly costs
- Improved business productivity thanks to better IT uptime
- Monitoring, support, maintenance, and issue resolution
- Flexible service that evolves and scales with your business
- Highly secure, resilient infrastructure
- Disaster recovery and business continuity
- Strategic advice on (public) cloud implementation
- Future-proof solutions based on best-in-breed technology
- Access to 1,100-person team of IT and business experts

Experience the best of both worlds with Linedata Managed Services.

At Linedata we build strong client relationships based on excellent customer service, transparent contracts, and robust SLAs.

As a global Managed Services Provider, we're constantly scanning the technology and cybersecurity landscape for the best ways to add value for our clients and resolve their challenges.

And, as asset management industry experts for over 20 years, we don't just provide best-in-breed solutions – we provide the right fit for your needs.

“

“We chose Linedata as a partner with deep knowledge and ability to deliver flexible hosting with full IT managed services, custom software development, and 24/7/365 support. I rely on the Linedata team to ensure high quality results and have confidence in their ability to always deliver.”

CTO, Global multi-strategy institutional asset manager (\$300B AUM)

“

“Linedata has taken an entire set of issues off of my plate and made them their concerns. We're able to focus on the business of trading and making money while they focus on all the issues related to technology that a fund has to deal with.”

Managing Partner, Investment advisory firm, (\$3.5B AUM)

We're always on the clock when it comes to keeping your systems running.

Constant proactive monitoring

We fix issues before you know there's a problem, with constant monitoring by our enterprise toolsets and IT experts.

Round-the-clock support

Have questions? Get answers from our 24x7x365 support team and access to our asset management tech experts.

Virtual helpdesk

We keep your hardware and software running smoothly and fix problems quickly so you stay productive.

Onsite technology staffing

We offer scalable and flexible onsite staffing for situations where remote support just won't do.

Cloud and SaaS

Public cloud solutions with leading providers (AWS, Azure, G-Cloud, IBM, and Office 365), plus private and hybrid models.

On-premises infrastructure

Not ready to move to the cloud? We can manage your infrastructure for you as your virtual IT team.

Hardware and licensing

Keep hardware and licensing contracts under control and renewed on time. Enjoy economies of scale based on our relationships with leading providers.

Migration services

Move to the latest technology with IT experts who manage the whole process to deliver your project on time and on budget.

Technology consulting

CTO-level advice and Senior Engineer design and delivery for strategic projects that require a senior expert touch.

Linedata Technology Services

Our Linedata Technology Services portfolio includes Cloud, Cybersecurity, and Managed Services that address the specific requirements of hedge funds, private equity and asset managers. You can focus on your core business, knowing your IT and cybersecurity requirements are in good hands.
